Washington Island Chamber of Commerce

2206 West Harbor Road • Washington Island, WI 54246 • 920-847-2179

washingtonisland-wi.com

Washington Island was named after the schooner Geo. Washington in the summer of 1816. The Washington was sailing from Mackinaw to Green Bay with a contingent of soldiers who were to establish a fort there. The Washington was described at that time as being the largest (100 tons) and finest vessel on the lakes. While anchored in what is now known as Washington Harbor, the officers aboard gave the Island and harbor the name it is known by today.

Thank you for respecting the Town Ordinances of no glass beverage containers on the beaches, dogs on leash; observe area signs where dogs are not allowed. Campfires restricted to pit areas. Notice the signs posted—no rock collecting at Schoolhouse Beach. These stones are rare and very special to the Island heritage. Please respect the rights of landowners regarding private property and trespassing. Thank you for not littering and helping to keep our parks and roadsides clean.

Visit these key locations mentioned in the YA novel *Hello?*, by Liza Wiemer

Boyer's Bluff, setting for Tricia's home
